### Help Your Child Make the Most of Lunch

As previously reported, Nanaikapono Elementary converted to Offer vs Serve (OVS) meal service. This system allows students to turn down foods they do not plan to eat, thus helping to reduce waste. While our cafeteria staff keeps a watchful eye to ensure students make healthy choices, please help us reinforce these efforts by following these tips:

Plan ahead. By reviewing the menu with your child ahead of time, you can help him or her prepare to take everything (all food items) or the only the items they will actually eat. This will reduce anxiety and build excitement for the coming day.

Give them a say. By empowering your child, you are helping to teach him or her greater independence. He or she is also more likely to try new foods and eat all on their plate.

Encourage your child to try different foods. While he or she may take either a fruit or a vegetable, encourage your child to try both. Even if it's just taking a bite, he or she may discover a new favorite.

Urge your child to fuel up. While our cafeteria staff makes an outstanding effort to make lunch appetizing and appealing to our students' palette, some meals may not necessarily be to their liking. Yet, children still need energy to ensure they're at maximum capacity to learn. So, at minimum persuade your child to eat the main dish, a fruit or vegetable and drink water or milk.

## SPECIAL REQUEST to PARENTS:

Please help your child(ren) practice good habits to support their academic progress by:

**Sending your child to bed early each night**

**Providing a healthy breakfast each day**

**Getting them to school daily and on time**

**Praising their best efforts**

**SEPTEMBER 27**
